### Lady Diana Takes a Dip

Lady Diana Cooper, called England's most beautiful woman, enjoys a bath, as the English say, and risks marring her complexion.

### DAVIS RECALLS TROOPS FROM OHIO COAL MINES

COLUMBUS, O., August 16.—(By the Associated Press)—Ohio National Guard troops sent to the various Ohio coal fields during the coal strike, were ordered returned to their armories and demobilized today by Governor Davis. The troops will start their homeward movement some time today.

Approximately 500 Ohio troops are on strike duty about coal mines in Jefferson, Belmont, Perry and Meigs counties.

Governor Davis issued the order for the return of the troops upon his arrival back at his office this morning, following his attendance at the strike conference this week at Cleveland.

Adjutant General Florence immediately instructed commanding officers in the various coal fields to pack their camps and be ready to move for home. General Florence said the various units would entrain for their homes just as quickly as railroad transportation could be provided. All troops would be home, or en route home, by tonight, he declared.

### Newest Geyser In Yellowstone Park Proves To Be Biggest

YELLOWSTONE PARK, WYO., Aug. 16.—Yellowstone's newest and biggest geyser developed Monday when a quiet mud pool near the head of Obsidian creek sent a column of steaming hot mud and rocks 300 feet into the air. The eruption lasted several minutes and is repeated at irregular intervals, each time sending up a 300-foot column of mud and water, which is higher than any of the other geysers in the park.

The eruption inundated the automobile road between Mammoth hot springs and Norris geyser basin, and covered several acres of ground. Automobiles parked nearby while their passengers waited for the new geyser to perform again were struck with stones thrown up by the stream.

The geyser will be named the "Sent-centennial." In honor of the fiftieth anniversary this year of the establishment of the park.

In 1915, the same pool threw water 15 or 20 feet in the air, but it never before has been regularly active.

### KNIGHT NOT TO RUN AS INDEPENDENT; IS TO RESIGN SEAT IN CONGRESS

WASHINGTON, August 16.—(By the Associated Press)—Representative Knight, of Ohio, in a statement issued today announced that his resignation as a member would be offered as soon as he could do so with justice to the interests of his district. Mr. Knight was a candidate for the Republican nomination for governor recently in the Ohio primaries.

COLUMBUS, O., August 16.—(By the Associated Press)—Congressman Charles L. Knight, of Akron, "Roosevelt progressive," who was defeated at the Ohio primaries last week for the Republican nomination for governor, announced in Washington today that he will not run as an independent candidate for governor in November and that he will resign from Congress.

This information was contained in a special dispatch to the Columbus Dispatch.

Out of a field of nine candidates for the Republican nomination for governor, Congressman Knight ran second. Carl A. Thompson, of Cleveland, Harding administration and Anti-Saloon League candidate, won the nomination with a plurality of almost 125,000 votes over Knight.

Knight's defeat followed a rather spectacular newspaper and bill-board advertising campaign.

Following his defeat, some of his friends and advisers had urged him to run for governorship at the November election as an independent candidate.

### Freed From Pen; Arrested At Gate

COLUMBUS, O., August 16.—(By the Associated Press)—Happiness gave way to gloom for Robert Dennean, of Hamilton county, who, upon being released Tuesday from the penitentiary, was met at the gate by a New York officer armed with a warrant, charging him with the theft of \$11,000 worth of diamonds. Dennean, who had served a two years' sentence for "false pretence," said he would stand trial in New York.

## Coal Miners In Seven States Ordered To Begin Production

CLEVELAND, August 16.—(By the Associated Press)—For the first time in twenty weeks, striking soft coal miners at scattered points in seven states were today under orders to begin coal production. This result of the part settlement of the strike, however, affected only a small minority of the 450,000 soft coal diggers who threw down their picks last March 31, but union officials were on their way back home to seek to make peace with other employers.

John L. Lewis, president of the miners, predicted that soft coal operators generally would accept the agreement made here, and held out hope for an early quantity production.

District union officials sent invitations for five meetings of operators with the view of concluding peace.

Two Pennsylvania associations of operators were asked to meet the union chiefs in separate meetings on Friday. One invitation went to the Freeport Thick Vein Operators' Association and the other to the Pittsburgh Coal Producers' Association. The Southwestern Interstate Operators' Association, including members in Missouri, Kansas, Oklahoma, Arkansas and Texas, were asked to meet with the union at Kansas City on Tuesday. Illinois operators were invited to Chicago the same day, while the Indiana Operators' Association was solicited for a conference at Terre Haute, also on Tuesday.

The general agreement, concluded here and adopted by the union as a basis for supplemental agreements throughout the coal fields, continues the old wages and working conditions, including the check-off of union dues, to April 1, 1923, and provides machinery for negotiating, but not arbitrating next year's scale. The agreement also calls for a national convention of operators and miners of the bituminous territory to be held in this city next October 2, for selecting a fact-finding commission to investigate the coal industry.

Under the policy laid down by the union, the district officials may conclude peace with any soft coal operators, either as individuals or as associations.

## Douglas Fired; Offered To Desert Giants

PITTSBURGH, PA., August 16.—(By the Associated Press)—"Shuffling" Douglas, premier pitcher of the New York Giants, was placed on its permanent ineligible list in a statement issued by the club here today. Douglas is charged with writing a letter to a competing team, offering to desert the Giants if "it would make it worth his while."

"Phil Douglas has been put on the permanent ineligible list by the New York National League Baseball club for writing a letter to a member of a competing team offering to desert his club if it would make it worth his while," said the statement. "Douglas does not deny he wrote the letter. This was done at the solicitation of Mr. Heydler, president of the National League."

## French Cabinet Sustains Poincare

RAMBOUILLET, FRANCE, Aug. 16.—(By the Associated Press)—The French cabinet, after voting unanimous approval of the stand taken by Premier Poincare at the London conference of allied premiers, decided late this afternoon to await the action of reparations commission before announcing what action would be taken in case Germany should fail to fulfill her reparations undertakings.

The official communique issued at the close of two sessions of the cabinet held under the chairmanship of President Millerand in the historic presidential chateau said:

"The council examined in detail various eventualities which might develop, according to the decision of the reparations commission."

Major Reed Succeeds Late Wm. E. Crow

WASHINGTON, August 16.—(By the Associated Press)—Major David A. Reed, of Pittsburgh, was sworn in today as senator from Pennsylvania, to succeed the late William E. Crow.

## Vardaman, Stephens Race Close

NEW ORLEANS, LA., Aug. 16.—Incomplete and unofficial returns from eighty of the 82 Mississippi counties in yesterday's Democratic primary, compiled by the New Orleans Item at noon, show: Stephens 52,480; Vardaman 52,198 and Kearney 14,517.

JACKSON, MISS., August 16.—(By the Associated Press)—Returns from isolated sections in the Democratic primary yesterday were awaited today to determine whether former Senator James K. Vardaman or Hubert D. Stephens, of New Albany, will succeed John Sharpe Williams, who will retire from the United States senate next March. Campaign managers for both candidates admitted the race was close and in the opinion of political observers a second primary probably will be necessary.

Miss Belle Kearney, of Flora, was running far behind her two male opponents.

In complete and unofficial returns from 74 of the 82 counties in the state gave Stephens 45,614; Vardaman, 44,920; Kearney, 13,226.

Bomb Thrown In Rail Yard

EVANSVILLE, IND.—A bomb was thrown into the Chicago and Eastern Illinois railroad yards here, but did no damage.

## Baseball Players' Union Is Being Organized

MILWAUKEE, Wis., Aug. 16.—(By the A. P.)—A baseball players' union designed for the announced purpose of lifting the idols of the diamond from what is termed a position as "pawns of the club owner" to an equal status with the club owners so far as matters affecting the players are concerned is nearing complete organization, according to an announcement today by Ray Cannon, attorney and former baseball player, who said he had been retained by Major and Minor league players.

He said he had already opened negotiations with Sam Gompers for backing by the American Federation of Labor.

"This union will not be organized to engender dissent between club owners and players," explained Mr. Cannon, "but if its purposes are carried out it will bring permanent peace and prevent discord."

## Lewis Says The Miners Have Won Three Principal Issues

CLEVELAND, August 16.—(By the Associated Press)—"Despite the unfavorable economic conditions and with tremendous political and financial influence raised against us, we are emerging from the conflict victorious," John L. Lewis international president of the United Mine Workers of America, declared in a statement to the Associated Press today. He said that the miners had won the three "main and principal issues involved in the strike of 650,000 miners in the anthracite and bituminous mining industry."

## PRESIDENT DETERMINED NOT TO WAIT ON FURTHER MEDIATION

WASHINGTON, August 16.—(By the Associated Press)—President Harding in a message tomorrow to congress will present to the federal legislators and to the country the position of the government with respect to the existing industrial troubles, particularly the railroad strike.

Arrangements for the president's appearance at a joint session tomorrow of the senate and the house were completed at a conference today at the White House between the executive and Senator Lodge, of Massachusetts, Republican leader in the senate.

Relief has existed in some quarters prior to the conference that the president might delay presentation of his message until after it had been determined whether mediation efforts of the train service brotherhood chiefs in tomorrow's conference with a committee of railroad executives would be successful or result in failure but Senator Lodge said he found the president fully decided to go before congress at the earliest possible moment.

The hour that the president will go to the capitol was not decided today and may not until tomorrow. The president after conferring with Senator Lodge immediately started preparation of his message, which his advisers expect to be a comparative statement of the strike situation of the efforts of the government toward settlement and finally of the government's policy hereafter.

Meanwhile, the railroad union leaders in Washington continued in session preparing for the conference, which the brotherhood chiefs have obtained from the Association of Railway Executives in New York tomorrow.

## Rail Unions Continue Mediation Efforts

WASHINGTON, August 16.—(By the Associated Press)—While the public awaited President Harding's message to congress, in which he will present all facts as to the situation and in which he is expected to express determination to throw the full support of the federal government behind efforts for maintenance of railway operations throughout the country, chiefs of the employees' unions continued today with their plans for direct settlement of the rail strike.

These chiefs, chairman of the train service brotherhoods, not on national strike, still were planning their hope to negotiations they began yesterday for a conference of the striking shopmen's leaders and the railway executives in New York Thursday and from which they hoped some sort of compromise agreement would be forthcoming.

The president's message was not expected to be sent to congress today. Whether the president would suggest any sort of action or recommend legislation to deal with the rail situation was said to depend on developments today.

In the meantime, heads of the four brotherhood organizations kept up their efforts to relieve the serious situation created in the west by unauthorized walk-outs of train service operatives.

## Say Strike Must Be Fought Out

WASHINGTON, Aug. 16.—Fairfax Harrison, president of the Southern Railway, in a statement issued today said:

"That the people all over the south who pay the freight want justice done—no more, no less—and to that end now demand that this strike will be fought out."

## Traffic Knots In Western States Untangled By Union Ban On Trainmen's Strike

CHICAGO, August 16.—(By the Associated Press)—Transportation tie-ups in the far west began to unravel today as rail heads and union leaders looked toward direct negotiations for ending the strike of rail shop crafts employees.

Rejection by the unions of President Harding's proposals for ending the strike, rail heads declared, all but broke their faith in the success of the suggested conference, but despite their lack of confidence, executives of the western roads approved acceptance of the proposal to meet the unions in New York tomorrow.

Although conditions on roads in the far west were relieved by breaks in the strike of train crews, the general situation remained in the critical stage it reached many days ago.

Embargoes were lifted and trains were moved again over the Alton, Topoka and Santa Fe, the Southern Pacific, and Union Pacific, the roads chiefly affected by the walk-outs of the "big four" transportation brotherhoods.

Refusal of brotherhood leaders to sanction the walk-outs were followed by speedy developments in untangling the traffic knots in California and other western states. Conditions on other roads affected by the brotherhood walk-outs were slower in clearing up.

Outbreaks and violence in connection with the strike during the last twenty-four hours included a clash between strikers and guards and workmen in the Missouri Pacific yards at Van Buren, Arkansas.

Four men were arrested at Bristol, Virginia, on federal warrants charging them with intimidating non-union workers in the Norfolk & Western railroad yards.

Between 150 and 200 trainmen and switchmen on the St. Louis-Southwestern (the cotton belt) railroad, walked out at Illinois, Missouri, virtually tying up traffic. The striking trainmen charged that the presence of guards and shooting affairs at several points made working conditions hazardous.

## Billy Butt-In THE TIMES WEATHER MAN

The farmers are demandin' that there be no horse-play about this brand of weather, as they've got to have some hot nights to ripen some of the corn that's growin', despite the work of a bunglesome weather bureau, as they claim. Here's for tomorrow:

OHIO—Generally fair and continued warm tonight and Thursday.

KENTUCKY—Partly cloudy weather tonight and Thursday. No change in temperature.

The extremes in local temperature today were: High, 83; low, 62.

## Injunction Granted Railroads

COLUMBUS, O., Aug. 16.—Striking employees of the Pennsylvania railroad in the Southern district of Ohio, it became known today, yesterday were temporarily enjoined by Federal Judge Sater from interfering with the operation of the railroad, and limited to one picket at each point. This is the third injunction issued against shop crafts in the last three days by Judge Sater. The Hocking Valley and the Norfolk & Western railroads were the others granted temporary injunctions.

Friday, Judge Sater will hear applications for injunctions by the Big Four and Baltimore & Ohio railroads, Saturday an application of the Toledo & Ohio Central railroad.

## Poet-Aviator's Condition Serious

GARDONE, RIVIERA, ITALY, August 16.—The improvement noted yesterday in the condition of Gabriele D'Annunzio, who was seriously injured in a fall at his villa here Sunday, was only transitory, symptoms of cerebral congestion reappearing in the afternoon. The fever also increased, his temperature rising to 101.8, but this was attributed to the effect of an injection of anti-tetanus serum.

## Racing Leads To Two Deaths

READING, MASS., August 16.—(By the Associated Press)—An investigation into the automobile accident here yesterday in which William M. Wood, Jr., son of the president of the American Woolen Company, and Alexander Gardner, both of North Andover, were killed, has disclosed today, state police said, that the machine with which Wood evidently was racing, was owned by Arthur H. Earl, of Andover, the automobile failed to stop following the fatal collision.

Three persons were injured when the speeding Wood machine struck two other cars in its effort to pass Earl's automobile.

## Fitzgerald To Attend Meeting In Canada

CINCINNATI, O., August 16.—(By the Associated Press)—E. H. Fitzgerald, president of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Station and Express Employees, will leave Cincinnati today for Montreal, Canada, to attend a meeting of officers of a dual Canadian organization. It was announced at clerks' headquarters here, General chairman on Canadian railroads have called a conference to meet with Mr. Fitzgerald to discuss wages, it was said.

## Writes On Sunday; Fined For Violating Blue Laws

PIQUA, O., Aug. 16.—Jay B. Reese, reporter for a Dayton newspaper, was fined \$25 and costs in municipal court today for violation of the blue laws last Sunday. The affidavit charged Reese "unlawfully and knowingly did engage in common labor, to wit, his usual work of writing newspaper articles, said common labor not being a work of necessity or charity."

Reese's arrest was the only violation of the Sunday blue law order.

## Steelworker Crushed Between Car And Crane

L. C. Sherman, steel plant employee of 3020 Stanton avenue New Boston, suffered serious multiple bruises about the hips and abdomen last night about 10:30 o'clock when he was caught between a crane and

a car which was being loaded in the plant. He was removed to the emergency hospital at the steel plant where first aid was given. Later he was removed to Schirmer hospital in Windell's ambulance.

An examination at the hospital showed no bones were broken and that he did not suffer internal injuries. Sherman is about 30 years of age and makes his home with his brother P. F. Sherman on Stanton avenue.

## Two-In-One Fire Alarm

A "two in one" alarm was answered by the Seventh street and East End firemen last night about 10:30 o'clock when there was a fire in the pantry of the Leonard Berkley home 416 Second street and a small fire in a touring car in front of the Dennison-Holcomb Company's place of business at 418-420 Second street.

The Seventh street firemen were on their way to the Berkley fire when they were halted to extinguish the fire in the machine caused by crossed electric wires. The damage to the car was slight and the owner drove it away in a few minutes.

The fire at the Berkley home was discovered by a roofer at the Hotel Portsmouth on Front street. He occupied a rear room of the hotel and discovered the fire in the pantry shortly before 10:30. At first he did not pay much attention to it, thinking the family had a gas light turned high, but as the fire became brighter and flames started shooting up past the window he left his room and awakened the Berkley family.

The fire was confined to the pantry, considerable fruit being destroyed along with dishes and some clothing. Mr. Berkley was burned on his right hand when he attempted to remove some drawers from the pantry.

The fire is thought to have started from a match thrown among waste paper.

Mrs. Rosanna Mickelthwait of Ninth and Gay streets owns the house and carries insurance on the property. Mr. Berkley did not have any insurance on the things destroyed.

## An Explanation

With the coming of L. T. Henderson of Columbus, Portsmouth's Council of Boy Scouts enters the first class rank. The rank is determined by the nature of the work carried on by the leader of the Scout Work. Heretofore the Scout work has been directed by Edward S. Gillilan who has made a splendid record with the Scouts since he has been in charge. But as Mr. Gillilan could not devote his entire time to Scout work on account of having Bureau of Community Ser-

vice duties that demanded his attention the local Scout Council was placed in the second class. The personal ability of the director of the work does not fix the class of a Scout Council. The rules governing the Scout organization say that a Council can only be first class when a director gives his entire time to the work. For this reason a man has been secured who will have no other duties but to direct the Boy Scout activities in Scioto county.

## Savings Message No. 2

Savings are absolutely safe in the hands of The Royal Savings and Loan Company, Gallia Street on the Square, Portsmouth, Ohio, because before it makes a loan on real estate three of its Directors see the property offered for security and place a value on it. The Board of Directors, consisting of nine successful business men, if all other things are acceptable, then allow a loan of not to exceed two-thirds of this appraised value unless additional security consisting of Royal Paid Up Stock or Liberty Bonds is given. This conservatism means absolute safety for money placed with them. Royal Building Association Stock pays six per cent dividends.

## May Stop Brennan-Dempsey Match

INDIANAPOLIS, IND., Aug. 15.—Governor McCray, of Indiana, after announcing today that he had prepared a letter directing the sheriff of Laporte county to forbid the staging of the Dempsey-Brennan fight at Michigan City, decided to defer sending the letter. It is understood, however, that local officials will act to prevent the match.

The letter will go forward in case the officials in Laporte county fail to take action.

MICHIGAN CITY, IND., Aug. 15.—(A. P.)—Governor McCray would be "perfectly right in calling off a fight in Michigan City, but the

Dempsey-Brennan match is simply a boxing exhibition and not a violation of the Indiana laws," Jack Kearns, manager of Jack Dempsey, said when informed by the Associated Press that the governor had ordered the bout called off. "There is nothing we can do except obey the governor," added Kearns.

## Strikers In Statement Allege Attempt To Mislead President

BY C. H. CHASE.

Chairman Federated Shop Crafts President Harding's proposal for the settlement of the strike of shopmen was not repudiated by the railroad, but by the bosses of Wall Street, who are now endeavoring to manufacture a false opinion designed to influence President Harding and intended to discourage any efforts on his part looking to a settlement of the strike. We contended from the outset that a nation-wide conspiracy was afoot to destroy, if possible, organized labor, and we are prepared to prove that statement today. If it were simply an issue between the railroads and the workers the strike would have been ended before this, if indeed it ever started. But back of the railroads are influential, sinister forces that are not interested in industrial peace but are endeavoring to establish industrial autocracy.

**Bombarding White House**  
These forces are today flooding the White House with letters and telegrams urging against any further effort on the part of the government to restore transportation. When President Harding invited representatives of the strikers and the railroads to consider his peace plan the assumption was that there was a perfect understanding on both sides of what the proposal implied. There could not possibly have been any misunderstanding as to the basis suggested by Mr. Harding for a settlement.

The National Industrial Council, an organization of employers under the tutelage of the New York financial group, was sending broadcast under date of July 25th, the following telegram:

"New York, July 25, 1922. 'Employers' Association: 'The railway strike will be won if organized industry acts immediately and effectively. Situation as much a test of our ability as of railway executives. Immediate needs are, first, volume expression associations, but particularly individuals, to President sustaining position railroads on seniority question and urging administration support; second, immediate

conference with your local railway officials for purpose assisting them to man shops; third, pressure on presidents roads your territory to stand firm on position to date. We speak adversely. Above suggested actions imperative and permit no delay. Urgently request wire reply. (Signed) 'NATIONAL INDUSTRIAL COUNCIL.'

This telegram completely and overwhelmingly confirms our repeated charge that the drive being made against railroad workers is but a part of the conspiracy to destroy organized labor.

The National Industrial Council is an employers' organization. It was formed for the specific purpose of waging warfare against labor unions. Its frank confession that the situation as it affects the railroads is 'as much a test of our ability as of railway executives,' indicates the scope and purpose of the railroad strike.

"The request to bring 'volume expression' upon the President sustaining the railroads is bearing fruit. The White House has been literally bombarded by employers' and trade organizations and such individuals as are under their influence and direction.

**Object of Propaganda**  
The purpose of this concerted and cynical drive against the White House is to establish the conviction there that the public is with the railroads, and that they should be left alone and free to carry through their part of the conspiracy. The public as well as the President should be apprised of what is being done. They should know the measures adopted by the financial interests to obscure the real issues involved in this struggle and prevent a fair and permanent peace. The interests that are telling the President to keep hands off represent an infinitesimal fraction of the whole people. The views that are being sent to the White House are not the honest views of the senders but the stereotyped suggestions of the National Industrial Council and allied organizations.

It is necessary only to recount the incidents of the past ten days to demonstrate that the President has

been victimized by the shameless conspiracy.

That there was no misunderstanding of the proposed basis of settlement the White House has made perfectly clear in its recent statements. The only conclusion, therefore, is that Mr. Harding was "double-crossed" by the standing committee of the railroads, which is under the heels of the Wall Street financial interests. That this "double-crossing" followed immediately upon the heels of the interjection of the National Industrial Council into the dispute there can be no doubt. The rejection of the President's proposal followed immediately after the National Industrial Council had issued instructions to employers' associations and individuals to bring pressure to bear upon railroad managers to reject all peace overtures. The public should know, and the President should know, the real elements that are involved in this issue so vital to the well-being of the nation.

A deliberate effort is being made to ally the government on the side of the union-destroying employers' and trade organizations. The National Industrial Council very frankly admits that to be its present object. The President is not getting an honest expression of opinion. He is hearing but one side of the question, and that the worst possible side.

That the railroads have reached a condition of almost utter collapse admits of no denial. Thousands of dead engines and cars float at the fact. A continuation of the strike will immeasurably aggravate the situation. Why, then, are the large employers so interested in blocking a settlement? The answer is that they in their fatuous ignorance and purblind hate, still cling to the delusion that they can disrupt labor organizations and reduce the workers to a condition of impotence that will be followed by a long era of industrial serfdom. This conspiracy will not, can not, succeed. The public will learn the truth, and when the truth is known the revulsion of sentiment that will follow will be so emphatic that the conspirators will not dare go on.

## Columbus Man Lands Paving Job

From unofficial sources it is reported that the state highway department has awarded the contract for paving 3,139 miles of Gallia pike east of Franklin Furnace to contractor H. M. Snyder of Columbus. The contract was to have been awarded Monday. Contractor Snyder was said to

be the only bidder. The estimate on the work is \$120,000.32. Contractor Snyder has been putting down the new paving on the Oak Hill-Lindsey Hollow road. Official notice of the letting of the contract is expected at the office of County Auditor Roy Coburn in a few days. It

is for the paving of Gallia pike for more than three miles east of Franklin Furnace and will connect with the paving to be put down by Harper and Ruel who have started on the two mile job beginning at the Lawrence county line.

## MUSICIANS TUNE UP IN POLICE COURT

An altercation between Sam Meeks, 33, and Charles Yarborough, 42, members of the Big Four colored jazz band from North Carolina, led to a personal encounter when the former attacked Meeks and knocked him down after chasing him about the North End and resulted in their arrest about seven o'clock Tuesday night.

The orchestra was scheduled to appear at the Lincoln theatre last night and the trouble started when Yarborough became angry and left just as the performance was to start. Meeks later went to the Pennan restaurant to induce Yarborough to return but this only added fuel to the flames and when the latter plunged towards him took to his heels, doing

ing about trees and automobiles and finally darted into the Sam France grocery at Eleventh and Waller streets in an effort to escape, but his opponent followed and attacked him.

Yarborough was fined \$5 and costs by Judge McCall for disorderly conduct Wednesday and Meeks was dismissed when it was shown he was not to blame.

## Car Turns Over; One Occupant Hurt

Charles Reeder of Gallia street was slightly injured about the right side this afternoon when a Ford touring car in which he was riding turned over at Lincoln and Robinson avenue. There were six men in the machine and the others escaped injury.

The men in the car were driving west on Robinson avenue and when they noticed Mrs. Frank Bailey of Grandview avenue coming down Grandview avenue they turned quickly south on Lincoln street and in doing so a tire burst and caused the machine to turn over in front of Carey Roberts' grocery.

Mrs. Bailey turned west on Robinson avenue and avoided an accident.

## Arrange For Parking Space

Jones and Lallow, general contractors of Sciotoville have been awarded the contract for constructing a concrete parking space in front of the Wheelersburg high school. The contract calling for an expenditure of about \$1200 was awarded when Clerk Carl J. Herms of the Wheelersburg Board of Education opened bids on the work. The parking space will be 14 feet wide extending from the north side of the paving of Gallia pike to the lawn on front of the school and across the front of the school property a distance of about 400 feet. DeVoss and Donaldson drew the plans for the work.

## Hand Is Burned

While canning tomatoes Wednesday Mrs. Henry Adams of Union street suffered a painfully burned left hand when she spilled scalding wax on it.

## SOCIETY

The members of Judge Blair's Bible Class of the Second Presbyterian church will enjoy a delightful outing tomorrow evening at the Lavender farm on the Buena Vista pike. Those going will meet at the church at five o'clock where automobiles will be furnished for the trip. Supper will be served at six o'clock. All expecting to attend should notify the committee as soon as possible. Mrs. John Arthur, 1300-V or Mrs. Grant Hanna 429-X.

A lawn fete will be given on the lawn of Mrs. J. B. Held, 1600 Highland avenue, Friday afternoon, for the benefit of Hopedale Home. All kinds of refreshments will be sold on the grounds and there will be various kinds of amusements for young and old. Miss Helen Taylor's pony will be used to give the children rides. A feature of the afternoon will be the fancy dance numbers by little Fairbairn Mayo, one of Portsmouth's youngest and most graceful dancers. The general public is invited to attend this fete as the money realized will be used for a worthy cause.

Miss Anna Cramer, who has been spending the past two weeks at the King Farm near Frost, Ky., left this afternoon for Pittsburgh to visit Mr. and Mrs. W. A. Bowman. She will go from there to Washington, D. C. to visit Mr. and Mrs. Norman Baker.

### Coal Miners

(Continued From Page One)

Some Ohio Mines Resume

COLUMBUS, O., August 16.—(By the Associated Press)—A few scattered bituminous coal mines were operating throughout the state today for the first time since last March 31, when the miners quit work, following yesterday's action at a joint conference of officials of the miners' union and operators at Cleveland, Ohio. Mines are expected to open up later in the day.

Most of the mines now in operation are situated in the eastern Ohio coal fields, operators of the southern part of the state, especially in the Hocking district, refusing to sign the agreement. However, a few members of the southern organization returned and signed as individuals and have announced that their mines will be immediately cleared up and put into operation.

Local mine union officials throughout the coal regions of the state today are the recipients of telegrams from John L. Lewis, president of the United Mine Workers of America, authorizing them to put the miners back to work. This official notification gave the right for immediate resumption of operations, but in many cases it is reported mines will have to be put into condition before cutting can be started.

In southeastern Ohio, it was announced that the Cambridge south district was signed completely, this being the first south district in the country where all operators signed according to union officials. The Cambridge district signed practically complete and a big part of the Crooksville district was taken in.

The Hocking district of Southern Ohio was the most important field not affected by the settlement as only one or two individual operators signed the seals. Although the Pittsburgh Operators Association withdrew from the conference yesterday several members of the organization returned and signed as individuals.

Telegrams were sent by Frank L. J. V. Maher, president of the Eastern Ohio Mine Workers to the union leaders

### Steel Mills To Oppose

Requisitioning Of Own Coal

(By the Associated Press)

YOUNGSTOWN, O., August 16.—Independent steel companies of the Youngstown district are planning to make a vigorous fight in Washington against requisitioning under priority orders of coal mined at their own mines and carried in their own rail cars. It was said today by plant executives.

They declare that their coal is high volatile gas coal, shipped from the mine in crushed form and is unfit for domestic use. The question is really not a live issue as yet, since the companies' mines are working at only a small percentage of capacity, but the operators believe that with partial settlement of the mine strike they will be able to obtain more labor and increase the output. All the mines are situated in the Pennsylvania non-union field, and operators declare they will make no contracts with the miners' union. The mills are now running largely on fuel oil, but the basic non-producing units, the blast furnaces, must have coke, and if the coal shortage continues, the lack of iron will bring sharp declines of semi-finished and finished mills in two weeks.

The steel executives point out that in 1920, they had to ship sixty per cent of their mine output to the Great Lakes, while paying \$13 a ton for Kentucky coal, which was said to be of such poor quality as to be almost useless.

Four hundred thousand men are employed in Ohio factories that use electric power.

Light and power companies outside of Cleveland, which were asked to have reports at the conference are the Union Gas Electric Company, Cincinnati; Dayton Power and Light Company, Dayton; Toledo Edison Company, Toledo; Columbus Railway, Power and Light Company, Columbus; Ohio Power Company, Canton; Ohio Service Company, Coshocton; Northern Ohio Traction and Light Company, Akron; Pennsylvania Ohio Electric Company, Youngstown; Greenville Electric Light and Power Company, Greenville; and Columbus, Delaware and Marion Railway Company, Marion.

American Treaties Registered With League

GENEVA, August 16.—(By the Associated Press)—Two American treaties, that ending the state of war between the United States and Germany and the Yag agreement, have been registered with the League of Nations by Germany and Japan. The Yag treaty is the second document growing out of the Washington conference to be filed with the league, the other one being the Chinese Japanese Shantung accord. More than three hundred treaties, including a score signed by the United States, have now been filed with the league secretariat.

### Curtailed Of Electricity Proposed

(Cleveland Argus)

A meeting of representatives of the electric light and power industry was called here today to consider what steps, if any, may be necessary for the curtailment of electric service on account of the national emergency in coal and transportation. The conference was called at the request of George T. Poor, of Columbus, state fuel administrator.

Power and light company representatives from all of the principal utilities of the state were asked to attend.

No immediate restrictions on the use of electric current are likely, it was declared, the conference being called mainly to enable the fuel administrator to get the facts as to conditions of service and utilities in case curtailment of service is necessary.

### Rumpus Over Graveling Road

The strike epidemic which has gripped the entire country for several weeks it appears has spread to another quarter in Scioto county as can be attested by the County Commissioners who have a strike of some proportions among the farmers on their hands.

The trouble happened in this way. Sometime ago the commissioners appropriated \$800 to pay the cost of giving the road between Duck Run and Arion a coat of gravel and employed Charles Burcham as foreman of the work. Burcham hired a half-dozen farmers with their teams to do the hauling of gravel from Mac Deemer's pit, which was followed by a complaint by several persons not employed, to Commissioner Shively, who ordered the foreman to give the complainants work. This Burcham

refused to do, whereupon Shively fired the foreman and engaged Frank McDaniels in his place.

As a result, all the farmers hired by Burcham left the job with the latter, and Deemer refused to permit any more gravel being taken from his pit making it necessary to get the material elsewhere at an increased haul of two miles.

### Serious Charge Follows Exciting Race Won By County Officials

#### Rail Situation Shows Betterment In Southwest

SAN FRANCISCO, August 16.—(By the Associated Press)—The railroad situation in several southwestern states showed considerable improvement today. With an increased number of trains moving and various conferences between railroad officials and officers of the big four brotherhoods, arranged for today, the railroads were making every effort for a complete resumption of train service. Movement of trains on some of the roads was interrupted last Thursday when brotherhood men alleged they were endangered by defective equipment, asked removal of

guards on duty to protect railroad property and refused to work. Southern Pacific trainmen and switchmen at Roseville and Tracy, California, two division points, returned to work yesterday.

Governor Thomas E. Campbell, of Arizona, sent a telegram to President Harding last night informing the president that the situation in that state had been remedied.

The railroad situation in southern California also was improved today. Transcontinental trains left Los Angeles on schedule time yesterday loaded to capacity.

#### BUYS 10,000 TONS OF RAILS

William Natt of New York is here to close a deal for 10,000 tons of rails from the N. & W. These rails are too light for the N. & W. and have been replaced by 90 and 110 pound ones. Mr. Natt is connected with the leading rail buying firm in

the East. These he has purchased from the N. & W. will be resold to Henry Ford for his D. T. & I. line.

Mr. Natt while here is being entertained by friends he met at the Elks Grand Lodge Session in Atlantic City several years ago.

#### Completes Second Year In Technology

John Lowell Tatman, son of Mr. and Mrs. L. G. Tatman, formerly of Portsmouth, recently completed his second year at the Massachusetts Institute of Technology at Boston, where he passed with credit, and has been working at the Youngstown Sheet and Tube Company, of Youngstown, Ohio, during his vacation.

Lowell completed the grades in the Portsmouth schools, graduating

from the Columbus High Schools, and after one year in the College of Engineers at Ohio State University he entered the Boston Tech School where he is specializing Metallurgy.

Mr. and Mrs. Tatman now reside at Struthers, a suburb of Youngstown, where Mr. Tatman has charge of the Dollar Savings and Trust Company of Youngstown.

#### SCOUT SWIMMERS TAKE NOTICE

Tomorrow, Thursday, August 17, is the date set for the Boy Scout water meet. This is to be one of the biggest events in the history of the local Boy Scouts. Each and every one of you should turn out to win honors for your troop. Big and little Scouts have an equal chance, as the following list of events will show:

Swimming under water. Surface diving for bottom. Most perfect dive. Towing.

The meet will be held at the lower ferry flat on the Kentucky side of the river, and will start promptly at 7. With the entry of a number of Scouts from New Boston and Sciotoville, the contest will be more interesting and the honor of winning greater.

#### Court House

Guardian Ad Litem

Attorney J. P. Cones has been appointed by Judge Thomas, according to an approved entry filed in the office of the clerk of courts Wednesday, as guardian ad litem for Lewis Edward Crabtree, a minor defendant to the partition suit of Avanelle G. Crabtree against Beryl Crabtree and others, now pending in Common Pleas court.

Suit Dismissed

The parties to the divorce and alimony suit of Bertha Jones against Abide Jones, carman, having amicably adjusted their differences and resumed their marital relations, an entry was filed in the office of the clerk of courts Wednesday dismissing the action. The couple reside at 615 Seventh street.

Vincent Decree Set Aside

Following a hearing in Common Pleas court Wednesday Judge Thomas sustained a motion setting aside and vacating an entry approved on July 17, 1922, awarding the plaintiff in the suit of Ida Alice Vincent against Late Vincent a decree for divorce, on the ground that at the time of filing her petition in December 1920, nor at any time since, was the plaintiff a resident of Scioto county and that by reason thereof, the court had no jurisdiction.

Attorney T. C. Hearty appeared for the wife, who lives in Grayson, Ky., and attorneys Blair and Blair represented Vincent.

Seeks Divorce And Other Relief

Alleging neglect and abandonment, Hazel Rhoden seeks a divorce and alimony with custody of their minor child in an action filed in Common Pleas court, Wednesday against Edward Rhoden, whose last known post office address was Rochester, N. Y., whom she married in November, 1920.

In her petition the plaintiff says that Rhoden immediately after their marriage deserted her and has since been absent, besides, she alleges, he has failed to support her and their child.

Through Attorney George W. Sheppard the plaintiff also asks to be restored to her former name as Evelyn E. Leonard.

Wife Seeks Divorce & Etc.

Laurinda Howard charges neglect and cruelty in her suit for divorce and alimony with custody of their three minor children, instituted in Common Pleas court Wednesday against Wernie Howard, whom she married in November 1906.

In her petition filed through Attorney George W. Sheppard the wife says that Howard has failed to provide for his family and that

she has been compelled by reason of his neglect to do washings and housecleaning to support herself and children as well as to support the defendant a great part of the time, besides, she alleges, that ever since their marriage he cursed and beat her, threatened her life, compelled her to leave him at different times. Furthermore the wife complains that Howard entirely abandoned his family on Aug. 11 last. She secured a temporary injunction restraining him from interfering with her pending the final hearing.

Another Chapter In Land Dispute

An opinion by Judge Will P. Stephenson of West Union, overruling a motion to set aside an entry dismissing the suit of Levi D. York against Frank W. Seymour was received by the clerk of courts Wednesday.

The action of the court terminates temporarily, at least, one of the oldest cases on the Common Pleas court docket, having been filed more than seven years ago to settle a dispute over possession of a strip of ground comprising a part of the old mill lot in the West End. In all that time the case did not progress beyond the court of original jurisdiction, although it came to trial three separate times before the court and jury.

The matter came before the court in the last instance on a re-hearing of a motion to set aside and vacate an entry of dismissal approved in the autumn of 1921. The motion of dismissal was on the ground that more than one year had elapsed since the death of Levi D. York, and there had been revivor of the action.

In his ruling the court says in part, "To permit the entry to stand would dispose of but one proposition, namely, costs. A new suit could at once be filed by those entitled, either as heirs at law or devisees under the will of Levi D. York, deceased, provided, of course, the statutes of limitations has not run against them. The question of locus was raised in the case. This case has been on the docket more than seven years and it has not progressed beyond the court of original jurisdiction. This is much too long for any case to remain on the docket undisposed of. The issue for the delay must be charged to the plaintiff."

The ruling of the court does not affect the right of the plaintiff to further prosecute the action. Attorneys Miller & Seal for plaintiff and Attorney T. C. Anderson for Seymour.

### Jilted Lover

Kills Self

CHICAGO, August 16.—Teddie Ross Keppeler, telegraph operator of Canton, Ohio, died today from a bullet wound in his head, self-inflicted early this morning at the doorway of Miss Olga Stobbe, formerly of Canton.

A farewell note in his pocket, addressed to the girl, said, "Life is empty without you."

She told the police they became acquainted two years ago while she was chief operator of a telephone company and he was telegraphing on a wire through the exchange. She said she had discouraged his attentions repeatedly and had not seen him since January. Keppeler recently had been employed by a railroad company at Canton and is said to have established a record of receiving telegraph code at the rate of 319 words in two minutes and 54 seconds.

### HOMAGE PAID TO GRIFFITH BY BIG ASSEMBLAGE

DUBLIN, August 16.—(By the Associated Press)—Ireland turned another of her distinguished sons today. Arthur Griffith was laid to rest in historic Glasnevin cemetery, after services of impressive solemnity, in the beautiful cathedral of the immaculate conception.

Homage to the memory of this truly great figure in Ireland's dramatic struggle for emancipation was paid by huge crowds, representative of all walks of life. At the cathedral along the route of the funeral procession an old cemetery gathered to honor his passing.

America was represented at the funeral service and in the subsequent imposing cortege to Glasnevin in the person of Michael Francis Doyle, of Philadelphia, who came from London especially to join in the national tribute to Griffith and to place a wreath on his grave.

His wealth bore the inscription: "With deep sympathy and loving affection, from American friends."

Next came Michael Collins, Griffith's main support in the fight to set up ordered government in Ireland and commander of the army on which the free state advocates rest their hopes. Next in line were the lord mayor of Dublin and representatives of various public bodies. All activities in Dublin were suspended during the funeral.

## Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Miss Wise—Please tell me how to clean grey suede shoes to get all spots removed. Also would you publish a recipe for plum preserves.

**A READER**  
You can clean grey suede with a cleaner that may be purchased at a shoe store for that purpose. Eucalypt and gasoline will also clean them.

**Plum Preserves**—Take fruit and sugar, pound for pound. Scald the plums to remove the skins, or if left unpeeled prick each one in several places that the juice may exude; let it stand. Drain and put the plums in the kettle with alternate layers of sugar. Pour the juice over this and let them boil five minutes, then remove the plums with a skimmer and boil the syrup until it thickens. Return the plums and boil ten minutes longer. Put in jars and tie up closely when cold.

**Dear Dolly**—Can you please tell me when the Ironton Apple Show will be this year.

**THANK YOU**  
There is nothing in the Ironton papers about an Apple Show. I think they decided last year to drop them for a while—I mean the shows, not the apples.

**Dear Dolly**—To settle an argument, is it proper for a fellow when walking with two girls to walk on the outside or between them.

**WANT TO KNOW**  
Either way is all right, but the man is supposed to walk on the outside.

**Miss Dolly Wise**—My mother left when I was 5 years old. I have a sister 16 years old. Dolly, my sister just does keep house for my daddy and that is all. How do you think my writing is. Papa gets us lots of clothes, don't you think she ought to do better.

**WORRIED GIRL**  
If your sister has been keeping house since she was eleven years of age, she is probably doing the best she can under the circumstances. Instead of criticizing her, why don't you get busy and help her. If you will work together, I am sure you will get along all right and be much happier than if you quarrel all the time.

**Dear Dolly**—I would like to get in touch with one or two nice country girls who want to come to the city to school or business college. Will furnish them board and room if they will assist with the housework after school hours and be company for an elderly lady. For further information they can phone you.

## SOCIETY

The following announcements were received by friends yesterday:

Mr. and Mrs. William C. Kettler announce the marriage of their daughter

Doris Salome to Mr. William Edward Lakeman, Monday, August fourteenth, nineteen twenty-two.

The groom is the son of Mr. and Mrs. A. B. Lakeman, 1023 Third street, and is well known in Portsmouth having spent practically his entire life here. He is a graduate of the Portsmouth high school, and for the past several years has been employed as assistant purchasing agent of the American Frog and Switch Works, Hamilton.

This bride is a charming young woman, and popular in younger social circles in Hamilton. She visited at the Lakeman home during the Christmas holidays, during which time she made numerous friends.

After a short honeymoon Mr. Lakeman and his bride will come to Portsmouth, to visit the groom's parents where they will be glad to welcome their friends. They will be at home after August 22, at 2147 Elmo avenue, Hamilton, Ohio.

Mrs. P. H. Smith and daughter, Henrietta, 1522 Twelfth street, Mrs. Belle Rice, Mrs. Nell Marlow and Mrs. John Alford are spending today at the home of the former's sister, Mrs. Robert Booth of Sileam, Ky.

Mrs. Edna Willis, night operator at Sciotoville Exchange, started her two weeks' vacation and left Friday for Philadelphia arriving there Saturday at 11:40 a. m. She is visiting her husband, C. N. Willis, who has charge of the carpenter work of building forms for a concrete bridge over the Sengkill river. Mr. Willis is working for the Dravo Contracting Company, Mrs. Willis expects to go to Atlantic City, New York, Niagara Falls and other places of interest before coming home.

Edna Bachtel of Oak Hill and Florence and Mary Hensgen, Lester Criss and John and Joseph Hensgen of South Webster motored to Athens, Sunday, and spent the day with Bessie Bachtel and Emile Tucker, students at the Ohio University.

Miss Dorothea Ruzless of Cincinnati is spending the month of August as guest of her grandparents, Mr. and Mrs. A. L. Wolfe of Gallia street. Other guests at the Wolfe home are Misses Doris Berger of Callettsburg, Ky., Thelma Jordan and Mr. Lawrence Jordan of Xenia, Ohio.

**THE WOMAN OF POISE.**  
Once a rarity, is now to be observed and admired upon every hand. Indeed, no other woman can flourish long in the midst of this modern, complicated life. In the home, in business, in social life, the woman who is serene and confident wins, while the nervous, flustered individual wastes her talents and gets nowhere. Of course, poise is dependent mainly upon sound health and steady nerves. If you feel that you are being kept back in this way, why not turn to that great woman's remedy, Lydia E. Pinkham's Vegetable Compound, which was manufactured from a thorough understanding of the nervous system of women.—Advertisement.

## Adventures Of The Twins

BY OLIVE ROBERTS BARTON

NANCY had been changed into a doll-baby.

Nick had been changed into a wooden soldier.

Flap-Doodle, the purple fairy, had done it with the Fairy Queen's wand. They decided to roll, so they rolled and rolled—and plump! First thing they knew, they fell off.

Down they fell! Down and down and down until they landed with a splash in a tub full of suds.

"By the Great Horn Spoon!" cried someone. "What's this? Or who's this?"

By and by a hand fished Nancy out and dried her off.

Then Nick was hauled out and dried off, too!

It was Mr. Rubadub of Scrub-Up-Land.

"Don't you know us, Mr. Rubadub?" squeaked Nancy, trying to smile.

Suddenly Mr. Rubadub saw the Green Shoes.

Among the summer resorts that are proving popular for Portsmouth people this season, probably none other has such a large colony of Portsmouth residents at this time as Deer Lake, Mich.

The weather is ideal there, according to letters received by local friends and relatives, and the gathering of so many friends and acquaintances at the one place, makes the vacation of each doubly enjoyable. Among those at private cottages or registered at the hotels there are Mrs. George Carley and children who have been at Deer Lake for the past month; Dr. and Mrs. J. N. Ellison are also enjoying several weeks there. Attorney and Mrs. B. F. Kinkadee, Mr. and Mrs. Marvin C. Clark and family, Mr. and Mrs. Charles Spencer and little daughter, Mr. and Mrs. Harry Revard, Mrs. J. C. Miller, Miss Mabel Miller and Miss Helen Dunn all help to make the Portsmouth colony.

Interest among the younger people of the city centers in the dance to be given Friday evening at Millbrook Dancing Pavilion by the Flapper club, music for the dancing is to be furnished by the Pavilion Serenaders, and a large attendance is anticipated. The committee in charge of the evening's arrangements includes: Misses Margaret Weidener, Agnes Taylor and Phyllis Legg.

Miss Elizabeth Gulker, 1604 Seventh street, entertained informally at her home Monday evening for the pleasure of Miss Maud Wilson's house guests, Miss Marie Edmunds of Covington, Ky. Dancing and music provided diversion for the evening which was concluded with the serving of an appetizing buffet lunch.

Judge Blair's Bible Class of the Second Presbyterian church will hold an outing Thursday at the Lavender farm on Turkey Creek. Snapper will be served at six o'clock by Mrs. Lavender. Automobiles will leave the church at five o'clock. All expecting to attend should call the committee, Mrs. John Arthur, 1300-Y, or Mrs. Grant Hannah, 429-X, not later than tomorrow noon.

Mrs. S. J. Burke of Harrison, Ohio, will arrive tomorrow for a visit with her sister, Mrs. Grace L. Goodwin, 1308 Fourth street.

"Nancy and Nick," he cried in amazement. "Well, I'll be—I don't know what I'll be. What's happened?"

So the Twins told him all about it. "You wait here," said Mr. Rubadub. "I'll fix it. Ting-a-ling-a-ling!" And he telephoned to Mr. Sprinkle-Blow, the Weatherman, to come and get him with his magic umbrella.

Pretty soon Mr. Sprinkle-Blow arrived and heard the whole story.

"My, my! That's awful!" he exclaimed. "But never mind! I know where Flap-Doodle is. I saw him flying to the Moon with his big ears."

"He's there now annoying the Man-in-the-Moon. Jump on, Rubadub. We'll go and get him and make him change these poor Twins back to themselves again."

Both fairy gentlemen hopped on the Weatherman's magic umbrella and flew up to the sky.

Mrs. John Grimm and children, James and Jack, 1647 Highland avenue will accompany Mrs. Grimm's sister, Mrs. J. B. Shumate to Dayton today, for a several weeks visit. Mrs. Shumate was a week end guest of relatives here.

Mrs. Bessie Burkhardt and daughter, Evelyn May, of 1104 Monroe street, is visiting Mrs. Jacob Brooker of Cincinnati.

The Ladies' Mission Circle of the First Baptist church will meet tomorrow afternoon at 2 o'clock, at the home of Mrs. J. E. Shump, City View. After the business meeting the following program will be rendered:

Song by the Ladies' Quartet—Misses Barbara Cramer, Mrs. Louise Virgin, Mrs. James Dawson and Mrs. Margaret Anderson.

Scripture Reading—By the Circle.

How the Church Comes to the Pulpit—Mrs. Frank Pulsing.

Hawaii—Mrs. S. S. Maguet.

Porto Rico—Mrs. Frank Randall.

Haiti—Mrs. George Carson.

Alaska—Mrs. Robert Sutter.

Song—Ford Anderson.

Reading—Mrs. Charles Newman.

The ladies going are requested to meet at the First Baptist church at 1:30, where machines will be waiting to convey them to City View.

Mrs. John R. Lynn of Fifth street and sister, Mrs. E. R. Beattie of Council Bluffs, Iowa, have returned from a motor trip to Cleveland, Detroit and other places of interest along the lake. They were accompanied by the Misses Mary and Blanche Stokley, who remained for a longer visit with their relatives, Messrs. John and William Stokley. While in Cleveland Mrs. Lynn attended the millinery openings and purchased a full line of fall millinery for the Bragdon Dry Goods store.

Mrs. R. E. Willis and daughter, Atlanta, have returned to their home in Columbus after a visit with Mrs. Charles Held and Miss Louise Robb of Offshore street. Miss Willis is a student of the Grace Hamilton Morrey School of Music, Columbus.

Elrose Temple, Pythian Sisters, will meet tomorrow evening at their hall, Fourth and Washington streets. The initiatory work will be postponed until next week.

A jolly picnic party motored to Jackson Lake Park in Jackson county recently, where they enjoyed a delicious picnic dinner. The party was arranged for the pleasure of Mr. and Mrs. Oris S. Warfield, of Chicago, who are guests of Mr. and Mrs. R. W. Riddle of Lincoln street and included Mr. and Mrs. Maurice Williams, Mr. and Mrs. Ben Rhodes, Mr. and Mrs. William McConnell, Mr. and Mrs. Hal Molster, Mr. and Mrs. Arthur, Mrs. Elizabeth Maxon and Miss Freda Darragh of Chicago.

Dr. J. E. Passmore and Messrs. P. B. and M. S. Meisel of Louisville, Ky., motored here Tuesday for a few days' visit with relatives. They will return home tomorrow.

Mr. and Mrs. C. E. Bradfield of Daleville, Ind., are enjoying the hospitality of Mr. and Mrs. A. C. Frovigne of 1104 Monroe street. Mr. Bradfield is a brother of Mrs. Frovigne.

Miss Anna Louise Robb of Offshore street will leave Sunday for Hamilton to visit Miss Katherine Lewis.

The Standard Busters of Franklin Avenue M. E. church will meet Friday evening at the home of Miss Catherine Kugelmann, 1905 Highland avenue. Mrs. Selma Riddout, who is a teacher in a Home Missionary home for colored girls in North Carolina will tell of her work. Miss Nell Rensinger of Cleveland will be present to give several humorous readings.

Mrs. Thomas Haley and daughter, Freda, and son Joe of Market street are visiting her mother, Mrs. George Kale of Wellston.

Mr. and Mrs. John Vetter and daughters, Misses Margaret and Clara Vetter, Mr. and Mrs. George Sommer and George Vetter left Monday morning on a motor trip through the northern part of Ohio. They will also visit at Detroit, and other points in Michigan and will stop over at Cedar Point for a few days on the return trip. They expect to be away about a week or ten days.

Mrs. Ottilia Doranbach of Buena Vista, and guests, Mrs. Garrett and daughter, Miss Bertha Garrett, of Cincinnati, were here to spend the day with Miss Rose Glockner, of Third street, Tuesday. Mrs. Doranbach, who is ninety years old, stood the trip fine and attended the early morning services at St. Mary's church while in the city.

Miss Stella Koeper of Eighth street has gone to Beaver, Ohio, to spend her vacation with her uncle and aunt, Mr. and Mrs. Jacob Smith. She was accompanied by her cousin, Earl Minch, who will also visit at the Smith home.

Mr. and Mrs. Wesley Scott and daughter, Ruth, of Circleville are visiting Mr. and Mrs. Henry Howe of 646 Seventh street.

## New Autumn Sweaters Slip In Unheralded

It's mighty interesting when the buyers go to New York at the beginning of a season, to open up the packages which arrive daily and be the first to see the styles and modes that the new season brings. Yesterday, we opened up some packages and Behold! the loveliest, prettiest and most attractive little silk sweaters one could wish for, fairly jumped right out at us. The girls literally love them and they got them out and hung them on the racks right away and have been showing them to folks ever since.

**Silk Sweaters, \$5.00 And Up**

These charming sweaters come in both Tuxedo and Slip-over models and in a whole host of different shades including Black, Navy, White, Porcelain, Jade, Gold and Tangerine, and of course, in all sizes from 38 to 46.

Numerous good values at \$5.00, \$7.98 and \$10.

## JACK DAW'S ADVENTURES

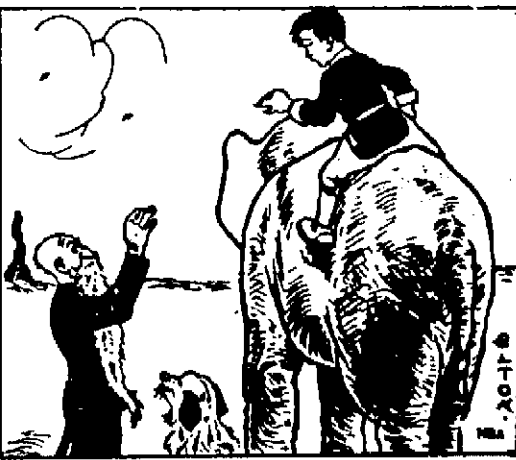

TRUE TO HIS WORD, THE PATRICKS OLD MAN, BOPE EARLY THE NEXT MORNING AND PREPARED TO CUM ON ONE OF THE HUGE ELEPHANTS THAT LIVED NEAR HIS CABIN. JACK WATCHED HIM WITH MUCH INTEREST.

A FEW CLAPS OF THE HANDS AND JACK WAS SURPRISED TO SEE THE ELEPHANT APPROACH. "MY, BUT HE'S A BIG FELLOW," SAID JACK. "BUT HE'S VERY TAME." HE FOLLOWED THE OLD MAN.

JACK PREPARED TO LEAVE THE OLD FELLOW, AND CALLED TO FLIP WHO HAD BEEN PLAYING WITH A PET BEAR. A LADDER WAS PLACED AGAINST THE ELEPHANT. JACK AND JACK CLIMBED UP.

ALMOST IMMEDIATELY THE BIG LUMBERING ANIMAL STARTED AWAY. TAKE CARE OF YOURSELF, CROUGHER, THE OLD MAN, AND ONCE MORE JACK WAS AWAY ON HIS TREASURE HUNT CONTINUED IN THE NEXT CHAPTER.

## Picketing Limited To One Man At Each Gate

The State Journal Wednesday morning said: Striking Hocking Valley and Norfolk and Western Railroad craftsman were limited to one picket at each entrance to the railroad shops where they had been employed by injunctions issued yesterday by Federal Judge Sater.

The Hocking Valley injunction followed a hearing which consumed the greater part of Monday while the Norfolk and Western hearing, set for yesterday, was very brief due to the fact that the strikers did not contest the action. Both injunctions follow very closely temporary restraining orders issued by Federal Judge Peck of Cincinnati, upon the petitions of officials of the two roads.

In a statement yesterday, Judge Sater also condemned use of cards, applying opprobrious terms to strike breakers, which have been distributed generally through the sections of Columbus where railroad employees and strikers live.

"The use of such abusive instructions does not come under the heading of peaceable persuasion," Judge Sater declared.

"The use of such tactics makes it impossible for there to be a peaceable relation between those who strike and those who do not."

He also warned the railroad companies against employing improper types of men and against inciting strikers to unlawful acts.

## YOUNG MAY GET THE DEMOCRATIC NOMINATION FOR ATTORNEY GENERAL

COLUMBUS, O., Aug. 16.—Tabulation of the official vote by the Secretary of State may show that Stephen M. Young of Cleveland is the Democratic nominee for Attorney General. It was indicated here today. Complete unofficial figures on the vote at last Tuesday's primary election showed R. F. McDonald of Newark, leading Young by a plurality of 146, but the official vote, reached by precinct officials and mailed to the Secretary of State, today showed Young leading McDonald by 609 votes with seven counties missing.

## T. S. G. CLUB HOLDS MEETING

The T. S. G. club held its regular meeting at the home of Stanley Billian 411 Chillicothe street Tuesday evening. Six members, Ralph Horst, William Smith, Noel Oldfield, William Shackleford, Thomas Shackleford and the host Stanley Billian were present. Gordon Grebe was unable to attend. The chief attraction of the evening was of course the cats. After a financial report by the secretary-treasurer, Noel Oldfield, and William Francis Smith gave a few exhibition dances. (Basmann, beware an embryo rival). The members were then entertained by a few remarks by Wm. Shackleford, the president who discoursed volubly upon the uplifting moral effects of the organization. Stanley Billian showed his patriotism by collecting red, white and blue souvenirs. Ralph Horst sang "Wabash Blues." Tom Shackleford contributed a love sonnet by a famous author. The club banker, Noel Oldfield, forgot his natural dignity to the extent of saying "Crowns Gentlemen sure are all to the mustard."

## Benton Continues Good Work

Relative to Stanley Benton's good work in the Carolina Association the Greenville, N. C. Journal recently said: Stanley Benton, who has been sold outright to the Philadelphia National, played a great game at short and if he shows the speed, the form, the get away and general class in the big leagues as he displayed yesterday, he should receive more press notices than he can pack in Grover Land's wardrobe trunk. To the right and to the left of him the balls thundered, but Benton was there and ready to take the right hop. He rode in and out, up and down, and seemed at perfect ease all the time, whether the ball hugged the ground, bounced perfectly or shot through the air. To end the game he leaped high and pulled down a line drive with his gloved hand. A minute before he came charging in a rifle shot and scooped it up and in the same motion he threw a fast runner out at first. We had seen him in the course of the season play second base. We had seen him catch, and as the smallest first baseman in the world we had seen him play rings around the initial cushion, but his performance at short yesterday convinces us that he is a jack of all positions and can play as brilliantly in one as another. And he can hit, too, don't think the little fellow can't. Run? Well, that's why they call him rabbit.

## Trying To "Pass The Buck" On German Reparation Tangle

PARIS, August 16.—(By The Associated Press)—The reparations commission probably will meet tomorrow to decide formally whether or not Germany is to be afforded a moratorium on her cash indemnity statement.

Every effort is being made by the members of the commission to avoid a direct vote on this question by arranging some compromise which will tide over the situation until November or December, when the commission believes another meeting of allied premiers will have to consider the reparations settlement on a broad scale, including the reduction of German indemnities and the general subject of inter-allied debts.

## BANKRUPTCY PROCEEDINGS DISMISSED

COLUMBUS, O., August 16.—(By The Associated Press)—Bankruptcy proceedings against the Pittsburg Tin Plate and Steel Corporation have been dismissed by Federal Judge Sater because the United Steel Supply Company, the Ensign Company, Inc., and Edward A. Kraus, Jr., failed to sustain their petition by offering evidence in court.

This is the third petition of a similar nature, filed by the same petitioning creditors, to be dismissed. It is said that the steel plant, practically cleared of legal incumbrances, will shortly be able to start operating in full capacity.

## Dickey Placed On Committee

Attorney W. L. Dickey of this city received word Wednesday that he had been made a member of the Republican State Executive Committee which meets in Columbus on August 22. This, the Sixth Congressional District, is entitled to another member and the appointment will be made at once. Dickey's appointment was made on the recommendation of Col. D. Q. Morrow of Highland county.

## ZANE GREY'S WESTERN STORY THE LAST TRAIL

STAGED BY EMMETT J. FLYNN

## ZANE GREY'S "LAST TRAIL" COMING HERE

At the Eastland Theatre, tomorrow will be shown for the first time here "The Last Trail," a special production screened by William Fox from the well-known novel by Zane Grey—whose stories have made him as famous with motion picture followers as in the fiction reading world. This latest Grey picture, made under the skillful direction of Emmett J. Flynn, is described as most thrilling in incident—as it must be if it follows the book—and unusually elaborate and impressive in its staging. In short, the patrons of the Eastland Theatre should be in for a genuine treat. The picture is scheduled for a run of four days.

Readers of the Grey novel will recall that it deals with the mystery surrounding the operations of an outlaw who works alone and terrorizes the country-side by his daring and ruthlessness.

The Fox company is a notable one, headed by Maurice Flynn and Eva Novak, and including such sterling players as Rosemary Theby, Charles K. French and Harry Dunkinson.

## Makes Ruling On Cider

COLUMBUS, O., Aug. 16.—The empty cider barrel out near the old woodshed soon will be filled with sparkling apple juice that first will be noted for its sweetness, next for its heavy "kick" and lastly for its vinegar.

Ohio farmers must sit tight and protect the cider barrel during the time the "kick" is there, according to announcement today by J. E. Russell, state federal prohibition director.

In other words, farmers are allowed to make vinegar. But cheap parties around the barrel when the cider gets "hard" are

tabooed, and cider cannot be given away or sold, under the prohibition chief's ideas of booze law enforcement.

While the cider is sweet farmers may sell it they care to. But when it begins to have a tingling taste and sends a glow all over the drinker, then is the time to let it alone and guard it from visitors and friends, Russell asserts.

**OF KILLING**  
LAKEHURST, N. J., August 16.—(By the Associated Press)—The recovery of two vials of chloroform in the home of Mrs. Ivy Gilberson, without trail on the charge of murder, after the discovery of her husband shot to death in his bed, started Coroner Brouwer upon an investigation to ascertain whether Gilberson was chloroformed before he was shot.

Mrs. Gilberson, who was found bound by cord when rescued, answered her calls for help, told police that two robbers had entered the room and after taking \$700 belonging to her husband, had shot her when he awoke and apparently recognized them.

## g Market Report

The new station will cover a radius of from 25 to 50 miles. With the addition of the Pike county plant, five stations, scattered over the state, are being used to broadcast market returns.

## Look for the Lancaster Tread Mark

WHY not conduct a "mileage contest"—to prove to your own satisfaction that Lancaster Tires actually do last longer—where the wear is greatest. Check your speedometer reading—and watch results. You'll find that this sturdy, oversize tire will give its three running mates, of whatever make, a real race for their money. More than likely, it will turn up more trouble-free miles than any other tire you've ever used. And the first thing you know, you'll be buying three more Lancasters.

## Smith Joins Minneapolis

Earl Smith, Portsmouth, ball player, who was recently released by the Washington Americans to the Minneapolis Club of the American Association, left last night for Louisville where he joined the Millers today.

Although Earl spent ten years on the big line he expressed his satisfaction in getting away from Washington where he had little opportunity to get in the lineup. The crack outfielder likes action and that is what he expects to get at Minneapolis in which company he will no doubt be a shining light both at bat and in the field.

## KEARNEY DRAWS COLOR LINE

(Huntington Herald Dispatch) Mike Kearney stated to the writer last night that he would positively not fight Johnny Mack at Chesapeake or anybody else in this vicinity before his match with Blair. He would like to have one or two more scraps before Labor Day, but not in the neighborhood of Huntington.

Anyhow Mike Kearney talks like a champion. He arises to remark that he has drawn the color line.

## Pinelli Best Third Sacker In National

W. A. Phelon in the Times-Star says: "After touring the circuit twice and seeing them all, this statement must be fairly made: Babe Pinelli is the best third baseman in the National league, and what is there in the American to rival him?"

The Cincinnati crowds no longer yell for Heinie Groh or sigh for the vanished marvel. They are wholly satisfied with the little Italian—but even the local fans haven't seen the things Pinelli does upon the road.

## SISLER HAS SIX POINT LEAD

CHICAGO, Aug. 16.—George Sisler, the St. Louis batting star, widened the gap between himself and Ty Cobb, pilot of the Detroit Tigers, yesterday for the batting honors of the American league. Sisler is now six points in front of his rival in average, being .414, compared to a mark of .408 for the Georgia Peach.

Sisler made five hits in nine times at bat, piling three hits in the first game in four times at bat and ringing up two blows in the second game in five times at bat.

The Tigers played only one game and Cobb cracked out two hits in four times at bat. Their records follow:

Sisler	105	429	178	.414
Cobb	104	386	158	.408

## COUNCIL WILL MEET TONIGHT

Little or no business outside of the usual routine is expected to come up before City Council at its regular meeting tonight and as a consequence the session promises to be rather brief.

## Gets Another Homer

PHILADELPHIA, Aug. 16.—Clarence "Tuffy" Walker, of the Philadelphia Athletics, hit his 27th home run of the season in the fourth inning of the second game of the doubleheader with Cleveland yesterday. He made his 27th circuit drive in the ninth inning of the first game.

## Doyle Signs 'Em

(Huntington Herald Dispatch) Speaking of Chambers, the "old Fox" passed through Huntington yesterday on route to Cincinnati. Doyle has been doing some secret detective work for Pat Moran down in North Carolina and Tennessee. He reports that the bushes are full of good ball players, but that Billy Doyle has strings on all of 'em that are big enough to write their name.

## To Clash Aug. 21

COLUMBUS, O., Aug. 16.—Eddie Shannon, Columbus lightweight, and Charlie O'Donnell, of Cleveland, have been matched for a 12-round decision bout here on August 21. It was announced today.

## TENNIS RESULTS

After two matches in the men's doubles of the city wide tennis tournament are played this evening there will be but four teams left to enter the semi finals and finals tomorrow afternoon at the Golf Club courts.

Tonight's prize and Stork will play Griffin and Hyland which means the elimination of one of the two teams. Flowers and Hopkins meet Bickle and Snyder this evening and that means the elimination of one of these two. Flowers, Lykens or Jones and Vandervort and Monroe are the other two teams sure to go into the semi finals tomorrow.

### Men's Singles

Twenty-three entries have already been made in men's singles, and probably several more will enter before Friday night, when the entries close. The singles tournament will start on Monday or Tuesday, August 21 or 22. The group plan will be followed. The schedule will probably be published in Sunday's paper.

The names of those who have entered are as follows:

### Trials

J. Breece, T. Williams, R. Hopkins, Geo. Vandervort, W. Monroe, R. Lykens, C. Jones, Howard Flowers and Harold Flowers.

### Golf Club

Geo. Breece.  
Edw. Levitch, Arthur Rosenthal, Lester Finney, Edmund Kricker, Keen Adams, Lawrence Kimble, Fred Price, Chas. Stork, Albert Clauding, R. Stanley, H. McGuire, Blood and Robinson.

### Women's Doubles

Jennie Mae Jones and Evelyn Campbell won from Grace Ewart and Bernice Doll, 6-2, 6-2, putting them in first place in Group B, tie with Mildred Werner and Temple Messer.

### Boy Scout Singles

Roy Sarver continued his winning streak by defeating Hurth in two sets, 6-4, 6-1.

### Girls' Doubles

Jean Brown and Edna Ware won from Katherine and Isabel Durdut, at the Girl Scout camp, two out of three sets, 4-6, 6-4, 7-5.

The winner of the Girl Scout camp group is scheduled to play Margaret and Helen Armstrong, winners of the city group, at York park, at nine o'clock a. m. Saturday, August 19.

## HORSESHOE LEAGUE

The new horseshoe tournament in doubles starts today. By the sportsmanlike action of the men in pooling the players, the entries in the tournament have doubled, 40 pitchers having entered, instead of a bare 20 as was expected.

And the pitchers seem excellently well satisfied with the partners they have drawn. "If I can't clean up the bunch with the partner I've got, I'm just no good," is the sentiment of about 50 per cent of them. It's going to be a hot race, and as each team pitches fifteen games on the last night of the contest, a dozen teams are likely to still be in the race when the first night opens.

Following is the schedule for Wednesday and Monday nights:

### Wednesday, Aug. 16

### Individual Percentages

The Secretary of the Horseshoe Association, has gotten the percentages figured up for the last Four Man Tournament, of those who pitched four evenings or more. Hughes, as everybody knew, holds the lead in single throwing. But to the surprise of all, Little Dopps is second, while Craig and J. Massie are a fifth of a ringer apart for third.

## IRONTON IS BOOKED FOR A GAME HERE

(Ironton Register) What kind of a schedule is Ironton High going to have this season for the benefit of the grid fans of this old community? It must be a good one or the fans will refuse to endorse. If the manager hasn't booked Portsmouth for a pair of games, Huntington, Chillicothe, Wellston, Marysville, Lexington and Charleston, then the steps should be taken at once.

At Meeting Emory F. Smith manager of the Industrial Loan company, Masonic Temple, is in Cedar Point, attending a meeting of agents of his company.

## 26th Homer

PHILADELPHIA, Aug. 16.—Clarence Walker, of the Philadelphia Athletics, hit his 26th and 27th home runs of the season during a doubleheader with the Indians.

## Golf News

OAKMOUNT COUNTRY CLUB, PITTSBURGH, PA., Aug. 16.—(A. P.)—The struggle between Gene Sarazen and Jack Hutchinson today attracted supreme interest and the 36-hole matches of the six less famous survivors were left to the attention of minor galleries.

If the Pittsburgh youth can topple the Chicago veteran, and thus enter the semi-final round on Thursday, he will be one stride closer to the historic feat of winning two national titles in one season.

In the upper bracket with the headlines today are Bob Crick-shank, of Westfield, N. J., and Charlie Rowe, one of the three Pittsburgh stars, playing in the four matches. Both men won easy matches yesterday. A hard struggle in the lower bracket was looked for between the veteran campaigners, Kerrigan and John Golden, of Toledo, N. Y., and Emil Oeffler, Pittsburgh, who won yesterday by a whirlwind finish but Emmet French, of Youngstown, is his opponent. French played par golf yesterday, and won decisively.

## Hit By Machine

WELLINGTON, Aug. 16.—William, three-year-old son of Mr. and Mrs. James Kriebel, of Mulga pike, who was struck and badly injured by a machine driven by Wm. Scurlock of South Wellington was resting well according to reports coming from the home this afternoon.

## RACE IN NATIONAL TIGHTENS WHEN GIANTS LOSE AND REDS AND CUBS BEAT OPPONENTS

NEW YORK, Aug. 16.—After a record of 12 straight victories in two years over Pittsburgh, Art Nehf, star pitcher of the Yankees, found his 13th at long last today, when he was driven from the box, while the Yankees captured the first game of the "little world series" with the National League leaders. Wilbur Cooper twisted the baton to his fifth straight victory over the Giants.

The Chicago Cubs, in third place and sharing the limelight with Pittsburgh as an added starter in the National League race, climbed to within three and a half games of the top by trouncing the Boston Braves twice, 5-0 and 8-3.

Bob Meusel's homer in the ninth enabled the Yankees to tie the score and Elmer Smith, filling Babe Ruth's shoes, walked out another circuit now in the tenth to down Ty Cobb's scrappy Tigers, 2-1. New York's victory, while St. Louis was dividing a doubleheader with Washington, put the team within a half game of the leaders.

Tallie Walker of the Athletics, called up on Ken Williams and Rogers Hornsby in the slugging race by leading home runs in each game of the doubleheader, Cleveland and Philadelphia dividing. His total now is 27.

Chicago collected 25 of the 43 hits registered in a game with the Boston Red Sox and won 19 to 11.

Donohue was in rare form against the Phillies and Cincinnati hit Meadows hard enough in one inning to win 5 to 0.

## NATIONAL REDS COY

CINCINNATI, O., Aug. 16.—Donohue was in rare form yesterday, the Reds shutting out the Phillies 3 to 0. Meadows was also effective except in the third, when the locals scored all their runs on singles by Burns and Jaeger, a pass, and a double by Janel.

SPLIT EVEN

WASHINGTON, Aug. 16.—St. Louis split even in a double header here yesterday, winning 7-1, after being defeated in the opener, 6 to 1. Zachary proved a puzzle to the visitors in the first game while the locals bunched hits off both Wright and Pruett. ## A SENSIBLE PROGRAM

THE government of Quebec Province has begun the final stages of a colonization scheme to attract settlers and revive a back-to-the-land movement, which is so strikingly common-sense that it will have little chance to find imitations in other countries.

It is unorthodox to assume that the type of settler desired is the moneyless man of abundant physical energy and taste for his work, but that is the starting point of the Quebec program. It also is assumed that if failure is to be forestalled as a virtual certainty, the settler on new farming land must have a fair equipment to carry him over the rough places. So everything is to be made as easy as possible for the new settlers instead of making the conditions hard as a matter of economic discipline.

Land is to be sold at from 20 to 60 cents per acre, a small but comfortable house is to be built upon all farms before the land is turned over, and the refunding is to extend over a period of 30 years. This practically puts each settler in possession of his own little farm from the beginning, but in addition to the easy terms the government is to provide instruction in the most advanced of modern agricultural methods to those who need the knowledge, and insist upon that as a constant practice.

Experiment stations and demonstration fields will be at hand for practical education, and every means provided for successful and profitable scientific farming. This is by long odds the most sensible scheme for attracting the physically able but financially infirm to the food-producing army put forward anywhere.

## SHYSTERS UNDER FIRE

IT has sometimes seemed regrettable that unscrupulous lawyers can be driven out of the profession only by the action of their colleagues; for the latter are frequently unwilling to act of their own initiative, but must be spurred into motion by repeated complaints from outside sources. Not because they wish to protect the shysters, but because of a false delicacy of feeling against proceeding against a brother attorney, members of the bar, it is to be feared, tolerate practices which they would not countenance if the offenders were not fellow members of the bar association. And unless the latter acts the public, of course, is practically helpless.

On that account it is good to find a committee of the American Bar Association recommending that lawyers take a more aggressive stand against shady members of the profession. The protection that these black sheep of the legal profession furnish to criminals is called "a most corrupting influence in our national life." Murderers and other felons, it is stated, have often escaped punishment of late through the questionable aid given them by criminal lawyers. Doubt is expressed if some of the celebrated murderers of former years who paid the penalty for their crimes on the gallows would be convicted nowadays. It is inferred that attorneys of that earlier period had a higher sense of honor than is possessed by the criminal lawyers of the present and would not attempt to secure the acquittal of men whom they knew to be guilty.

"The integrity of the lawyer," the committee chairman declares, "should be as essential as the integrity of the judge." How far, alas, is that ideal from being realized. There is widespread suspicion, apparently well founded, that not a few members of the legal profession are far more concerned over getting fat fees than in seeing that justice is done. "Ambulance chasing," the filing of suits for damages on trivial grounds, and the resorting to questionable methods to secure the acquittal of guilty clients, are all too common.

It is to be hoped that the committee's report will lead to a housecleaning.

French thieves quit in disgust when they found that "gems" displayed at Deauville were not real. They did right in just going off and refusing to steal from people who wear fake jewelry.

Postal receipts have shown a steady increase since last November. This is either a registration on the business barometer or evidence that some new Ponzi has acquired a sucker list.

Blame for the Herria massacre is now placed upon the sheriff of the county when we had been led to believe that it was the fault of the men willing to work.

It is said that thousands of cantaloupes are rotting in the fields for lack of transportation and we regret that some others didn't.

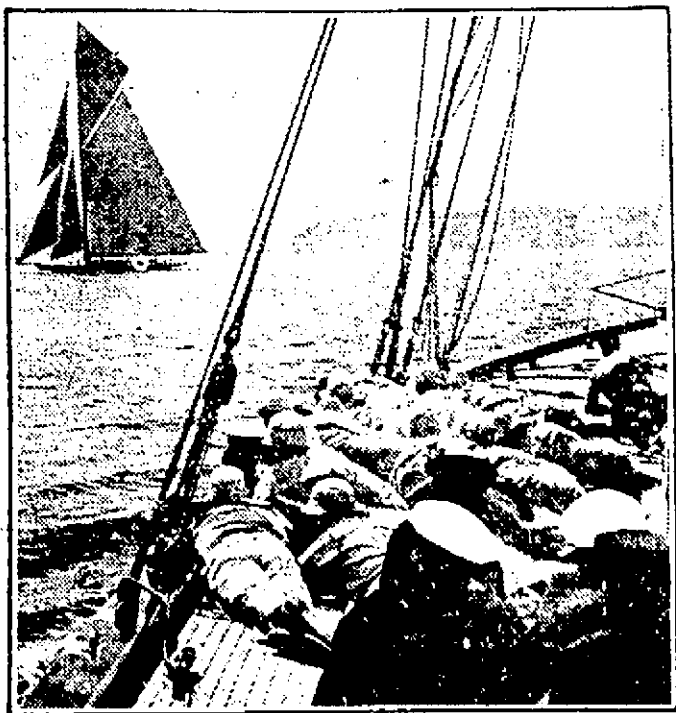

Charles M. Schwab interests, it is announced, now control the Stutz, which, it will be remembered, once appeared to be uncontrollable.

Tennesseeans nominated a dead man for congress, a not unknown proceeding, except that this man was really dead.

One reason there are less criminals is that there is less money that ain't stolen.

Censoring a bathing costume would seem superfluous, there is not much of it now.

## THE BIBLE IN PICTURES AND TEXT

By HELEN E. OHRENSCHALL

DAVID MADE KING OF ISRAEL

THE Lord told David to go to Hebron. The men of Judah came and anointed David king over the house of Judah. But Abner, captain of Saul's army, took Ish-bosheth, the son of Saul, and made him king over Israel. There was long war between the house of Saul and the house of David. David waxed stronger. Abner came to David and said he would gather all Israel that they might make a league with David. David sent Abner away in peace. David was anointed king of Israel. He reigned forty years and God was with him.

## New York-Day-By-Day

BY G. O. MCINTYRE

NEW YORK, August 16.—The nocturnal haven of the care-free female types who used to frequent the cafes is now the bachelor apartment. Men who used to live hard and dangerously, but openly, now hide their orgies in buildings of doubtful reputation.

They club together and rent apartments "for bachelors only." Tight-lipped West Indian servants act as run runners from the delicatessen shops and drug stores nearby. Phonographs supplant the jazz orchestras and breakfasts are served at daylight.

Three bobbed haired girls, all under twenty, were taken away from one bachelor apartment building on the West Side last week in an alcoholic haze. They said they had dropped into the apartment after the theatre. They were there three days.

It is proving an easy path for the libertine. Disreputable landlords find that by converting buildings into "bachelor apartments," where no questions are asked, they can more than triple their rental incomes.

The result is that many respectable neighborhoods have been completely demoralized and valuable property has slipped in value. Flappers who formerly thought it wicked to drink a cocktail before dinner now

guzzle synthetic gin and defer their dinner until the breakfast hour.

In the West Seventies one night recently a roundsman happened to look into a court yard. He saw a parade of white robed figures coming down a fire escape. Investigation proved that a group of prima clad men and women were playing "Follow the Leader," and the leader had climbed out the window and down the fire escape. The frolic had followed a bachelor apartment dinner at which everything was served save food.

They looked rather eerie and interesting under the light of the lustrous moon rays, but somewhat abashed when they were paraded before the Night Court Magistrate.

There is an interesting stroll from Fifth Avenue West on Fifty-Seventh Street, where the fine old homes that spread out from the elder Cornelius Vanderbilt mansion at the entrance of Central Park have been converted into elegant shops catering to Millady. They are mostly gown, hat and fur shops with a sprinkling of massage and beauty parlors. They try to get away from the usual run of trade names. For instance some of the gown shops are called: "The Yellow Aster," "The Orchid," "The Pink Puff," and "Beauty Villa."

## THE DAYS OF REAL SPORT — BY BRIGGS

CAVE BUILDERS

At last a chorus is to be starred. The production is to go into rehearsal during the steaming days of August and it will be billed to Broadway and the world in this fashion: "World's Greatest Chorus in —" The principals are to have secondary consideration. It was to be hoped that somebody would give Broadway something new next season that would not be yanked out of Russia or the South Sea Islands. As one old timer said the other day, Broadway's slogan should be: "More and better chorus girls!"

There was a party given recently which was attended by W. C. Fields, a comedian and pantomimist. He is an erudite and cultured man, knowing his Aristophanes and the history of his art. Toto, the clown, was also there a sad-sad, shy little fellow with pathos in his voice. Fields and Toto spent the entire evening discussing Byron, Shelley and Tennyson. All the while a guest watched them, hoping and rather expecting that they would begin striking each other over the heads with slap-sticks at any moment.

## IF YOU ARE WELL BRED

You are always careful about your appearance and do not consider housework an excuse for being untidy and unkempt. You provide yourself with neat house dresses and are as attractive in them as you are in more formal attire.

Then if you are taken unaware by the morning caller, you do not have to apologize for your untidiness or risk displeasure by refusing an appearance.

Try Again  
 Whenever in your life  
 You are weary of the strife,  
 When your efforts seem in vain,  
 Pick up courage!

Try again!  
 When you're tired of the grind,  
 Think of the Lame and of the Blind,  
 When you're exhausted from the strain,  
 Hold your head up!

Try again!  
 If you fail to see the light,  
 Think of others in worse plight;  
 When success you fail to gain,  
 Sail right in, and

Try again!  
 Right now make up your mind,  
 That you won't lag behind;  
 Don't be a quitter—don't complain,  
 Land another slam, and

Try again.  
 In the end you'll  
 Win the game.

## Man's Ingenuity

John had just left the house to catch the 7:55 for New York. He had been gone about 10 minutes when the telephone rang. Mrs. John answered it. Her husband was on the other end.

"Hello," he said, "is everything all right, Mary?"  
 "Why, yes," said Mrs. John.  
 "You're all right?"  
 "And the baby?" John asked anxiously. "The baby is all right?"

"Of course," said Mrs. John.  
 "What makes you think we aren't?"  
 "Nothing has happened since you left the house. What's the matter, John?"  
 "Well, I'll tell you." He dropped his voice almost to a whisper.

 No, ma'am, the dentist kept it.
